Предисловие

Сборник упражнений предназначен преподавателям английского языка в школах и вузах, учащимся старших классов, абитуриентам и широкому кругу лиц, изучающих английский язык и желающих повторить основные разделы грамматики.

Целью учебного пособия является систематизация знаний, полученных в школе, и подготовка к вступительным экзаменам в высшие учебные заведения.

Пособие содержит упражнения, охватывающие следующие разделы грамматики английского языка: артикль, имя существительное, имя прилагательное, местоимение, наречие, имя числительное, глагол (инфинитив, времена, залог, модальные и «проблемные» глаголы), согласование времен, употребление предлогов и др.

Пособие состоит из 22 разделов (Units), каждый из которых посвящен определенной грамматической теме (The Noun, The Verb, и т. д.). Виды упражнений довольно разнообразны: это и подстановка, и создание логических цепочек, перифраз, множественный выбор, перевод с русского на английский и с английского на русский, текстовые задания и др. Система упражнений внутри разделов построена по принципу «от простого к сложному». Это позволяет использовать сборник на начальном, продолженном и продвинутом этапах изучения английского языка.

Пособие содержит 10 тестов, задачей которых является проверка усвоенного материала. Первые восемь тестов расположены после разделов, объединенных общей тематикой (например, первый тест дается после изучения тем The Noun, Noun Structures и The Possessive Case).

Последние два теста (Final Tests) — обобщающие, поэтому выполнять их рекомендуется после усвоения всего грамматического материала.

Все упражнения и тесты снабжены ответами. Это дает возможность проконтролировать правильность выполнения заданий и обратить внимание на пробелы в знании грамматики.

The Bees

I remember when I was a child (send) (visit) one of our numerous elderly eccentric aunts. She was mad about bees; the garden was full of bees, (hum) like telegraph poles. One afternoon she put on an enormous veil and a pair of gloves, locked us all in the cottage for safety, and went out (try) (get) some honey out of one of the hives. Apparently she did not stupefy them properly, or whatever it is to do, and when she took the lid off, the bees poured out and settled on her. We were watching all this through the window. We didn't know much about bees, so we thought this was all right, until we saw her (fly) round the garden (make) desperate attempts (avoid) the bees, (get) her veil tangled in the rosebushes. Eventually she reached the cottage and flung herself at the door. We couldn't open it because she had the key. We kept (try) (tell) her this, but her screams of agony and the humming of the bees drowned our voices. It was I believe Leslie who had the brilliant idea (throw) a bucket of water over her from the bedroom window.

Unfortunately in his enthusiasm he threw the bucket as well. (Drench) with cold water and then (hit) on the head with a large iron bucket is irritating enough, but (fight off) a mass of bees at the same time makes the whole thing extremely trying. When we eventually got her inside she was so swollen as to be almost unrecognizable.

Exercise 234**The Bees**

I remember when I was a child being sent to visit one of our numerous elderly eccentric aunts. She was mad about bees; the garden was full of bees, humming like telegraph poles. One afternoon she put on an enormous veil and a pair of gloves, locked us all in the cottage for safety, and went out to try to get some honey out of one of the hives. Apparently she did not stupefy them properly, or whatever it is to do, and when she took the lid off, the bees poured out and settled on her. We were watching all this through the window. We didn't know much about bees, so we thought this was all right, until we saw her flying round the garden making desperate attempts to avoid the bees, getting her veil tangled in the rosebushes. Eventually she reached the cottage and flung herself at the door. We couldn't open it because she had the key. We kept trying to tell her this, but her screams of agony and the humming of the bees drowned our voices. It was I believe Leslie who had the brilliant idea of throwing a bucket of water over her from the bedroom window. Unfortunately in his enthusiasm he threw the bucket as well. To be drenched with cold water and then hit on the head with a large iron bucket is irritating enough, but to fight off a mass of bees at the same time makes the whole thing extremely trying. When we eventually got her inside she was so swollen as to be almost unrecognizable.
